

**STANDARD PRICING SCHEDULE: LP-II**  
**Large Power II (Over 1000 kW of Measured Demand)**

**STATE OF OKLAHOMA**

AVAILABILITY

Available for any type of Large Power use at any point within the Cooperative's certified area having measured capacity in excess of 1000 kW, supplied at one point of delivery and measured through one kilowatt-hour meter (unless otherwise elected by the Cooperative) and subject to the Terms and Conditions of Service established by the Cooperative.

TYPE OF SERVICE

Three-phase, where available, 60 Hertz, at one standard delivery voltage. Single-phase motors shall be limited in size such that starting current does not exceed 260 amps at 230 volts. Motors greater than 60HP must be coordinated with Seller prior to installation.

RATE

Monthly Charge	\$92.00
Demand Charge	\$10.10 per kW of billing demand
All kWh per month	\$0.0511 per kWh

MINIMUM CHARGE

The minimum monthly charge shall be the highest of the net calculated bill or the following, as determined for the Member in question:

1. The monthly charge or
2. The demand charge or
3. Calculated based on installed transformer capacity at \$22.50 for the first 15 kVA of capacity plus \$0.85 for each additional kVA for three-phase Members or
4. The minimum monthly charge specified in a contract for service.

**Rates Authorized by the Oklahoma Corporation Commission:**
